

Celebrants Online March 2011 Update

Dear Celebrant

It's just gone one month since the new look Celebrants Online website was launched.

Work is continuing behind the scenes to complete the transfer of all Celebrants from NSWCelebrants Online to the new look site and to optimise each celebrant page for Google and other search engine searches.

You may be interested to know that:

- From 6th to 31st March - 57 celebrants received 76 direct enquiries from the website from the celebrant-seeking public
- The majority of enquiries received were for weddings, but namings, renewal of vows, commitment and life celebrations also featured
- The majority of enquirers contacted just one or two celebrants

Thank you again for your support during this transition period for Celebrants Online.

Wishing you all continued success in your Celebrancy business in 2011.

Kind regards

Penelope
