

Dear Celebrant

News & stats from Celebrants Online - www.celebrantsonline.com.au – mid-month - December 2011

1. School's over! Hurrah! The last month or so has been incredibly busy - it's the busiest time of year at school AND the busiest time of year for Celebrants Online. So, I'm relieved to advise that school's out and I'll now be able to focus even more closely on Celebrants Online business.
2. All 400+ personalised statistics reports have now been emailed out to Celebrants with hosted web packages. I breathed a big sigh of relief as the 'send' button was clicked for the last one. If you have any questions regarding your report you are welcome to contact me.
3. One of the next things I'll focus on is to respond to all the emails in my inbox. If you've contacted me over the past few weeks you may be feeling ignored. My apologies for that, but now all the stats reports are out I can turn my attention back to you. Thank you for your patience!
4. After that, I'll focus on creating all the new Find a Marriage Celebrant subscriptions for those Celebrants who've taken up the special offer. If I haven't got your photo on file or if I can't find one on your personal website then I'll be in touch over the next few weeks to request one.
5. By that time it'll be the New Year, so I'll then turn my attention to making changes to your Celebrants Online subscription if you requested changes.
6. A reminder that receipts WILL be issued, but, given all the above, I know you'll understand that it will be at least mid-January before I get to it.
7. And finally, wishing you and your families a safe, relaxing & festive holiday season.

Kind regards

Penelope
