

Dear Celebrant

News & stats from Celebrants Online - www.celebrantsonline.com.au - for the month of September 2011

1. For the month of September - 74 celebrants received 99 direct enquiries via the website from the celebrant-seeking public. The majority of enquiries were for weddings, but namings and renewal of vows ceremonies also featured. The majority of enquirers contacted just one or two celebrants.
2. The end of the year is fast approaching. A reminder that renewal notices will be emailed in the last week of November / first week of December. If you will be away in the December renewal period I'm more than happy for you to arrange your renewal earlier than that. If you'd like me to email out your invoice sooner so you can arrange payment early, please let me know.
3. Personal stats reports will be emailed out in early December. These will show the number of unique page views your page has received as well as the number of enquiry emails you have received from the celebrant-seeking public. Preparing the reports takes a while as I do them all manually, but I aim to get them out to you in a reasonably timely manner to assist you in the renewal process.
4. I invite you to take a look at the testimonials page -<http://celebrantsonline.com.au/testimonials/> - on the website. Any feedback you may wish to contribute to this page, re your positive experience of promoting your services via the website, will be welcomed.
5. If you have any questions about your subscription or the website, or have any constructive suggestions for change or improvement, I'd love to hear from you.

Kind regards
Penelope
